The Direct Access Program VAMC Events provide marketing opportunities for verified VOSBs and other Small Businesses and their Supplier Partners, to introduce new and innovative products to Clinicians, Physicians and Procurement Decision Makers within the VA and DoD Healthcare Marketplace.

VA Staff receive demonstrations and education on the latest Medical and Non-Medical Products in one place, at one time to support their service area needs. Events include Medical and Non-Medical Products and Equipment and / or focused products listed as a Specialty Show. The Direct Access Program VAMC Events help promote increased communication and awareness between Industry Partners and Staff to assist them in making informed Acquisition and Procurement Decisions while supporting their Small Business Goals. Events include Medical and Non-Medical Products and Equipment and / or focused products listed as a Specialty Show.

To support the protocols required due to the national pandemic, the Direct Access Program VAMC Events is now presented in two (2) virtual formats. If in-person events are not available, the Program will pivot to a Digital on Demand PowerPoint downloadable presentation. Opportunities for a Live Focused Product Review, conducted by a videoconference and using a virtual platform, will be available as requested by the VA Medical Centers. The status and approach being utilized (e.g. in person, virtual digital on demand, virtual product demonstration) is provided to registered firms via email 30-days prior to each event. Events may be postponed or rescheduled throughout this fiscal year up through September 27, 2021.

Space is limited in each event. When an event reaches full capacity, registrations may be accepted, those firms added to a wait list. Cancellations are received throughout the year. As applicable, wait-listed firms will be contacted to review their availability and possibly attend an event if space becomes available

Please visit the OSDBU Direct Access Program Website at <https://www.vetbiz.va.gov/events> for Schedule updates.

We encourage you to review Facility Services online prior to submitting your Pre-Registration to ensure your company's products and services meet the needs of each Facility.

For Registration Information please contact **GOVERNMENT EXPO (305) 357-7449** or info@gov-expo.com
